Introducing MOODLE

Our new "Modular Object-Oriented Distance Learning Environment" (MOODLE) is now up and running.

It doesn't have much content at present, but we hope to have some soon.

For the time being, I've added a worldview quiz just to introduce the system.

Please note that **you will have to register within MOODLE to access the system.**

MOODLE registration is on an individual basis and **has no connection with registration on the church website and associated passwords and user names.**

We could allow unregistered access to MOODLE but that would open up too many security and privacy concerns.

Hi! For full access to courses you'll need to take a minute to create a new account for yourself on this web site. Each of the individual courses may also have a one-time "enrolment key", which you won't need until later. Here are the steps:

1. Fill out the [New Account](#) form with your details.
2. An email will be immediately sent to your email address.
3. Read your email, and click on the web link it contains.
4. Your account will be confirmed and you will be logged in.
5. Now, select the course you want to participate in.
6. If you are prompted for an "enrolment key" - use the one that your teacher has given you. This will "enrol" you in the course.
7. You can now access the full course. From now on you will only need to enter your personal username and password (in the form on this page) to log in and access any course you have enrolled in.
